1. The source of the proposed appropriation is Surface Runoff  
Name of stream, lake, spring, underground or other source
2. The amount of water applied for is 0.5 cfs second-feet  
One second-foot equals 448.83 gals. per min.  
(a) If stored in reservoir give number of acre-feet.....
3. The water to be used for Road Construction  
Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.
4. If use is for:
  - (a) Irrigation, state number of acres to be irrigated:.....
  - (b) Stockwater, state number and kinds of animals to be watered:.....
  - (c) Other use (describe fully under "No. 12. Remarks").....
  - (d) Power:
    - (1) Horsepower developed.....
    - (2) Point of return of water to stream.....
5. The water is to be diverted from its source at the following point: Within the SE¼ NE¼ Section  
Describe as being within a 40-acre subdivision of public  
3, T 32 N, R 52 E, MDM, at a point from which the NE corner of  
survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.  
Section 34, T 33 N, R 52 E, MDM, bears N 1° 30' E 7683 feet
6. Place of use portions of the following: Section 34, T 33 N, R 52 E;  
Describe by legal subdivision. If on unsurveyed land, it should be so stated.  
Sections 1, 2, 3, 11 & 12, T 32 N, R 52 E; Sections 7, 16, 17, 18,  
21, 27, 28, 33 & 34, T 32 N, R 53 E, MDM See Remarks
7. Use will begin about January 1 and end about December 31, of each year.  
Month and Day Month and Day
8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) construction of a small pond contain-  
State manner in which water is to be diverted, i.e. diversion structure, ditches and  
ing less than 10 acre feet and the dam structure being less than  
flumes, drilled well with pump and motor, etc. 10 feet in height
9. Estimated cost of works \$5,000.00

10. Estimated time required to construct works..... 1 year  
If well completed, describe works.  
.....
11. Estimated time required to complete the application of water to beneficial use..... 2 years
12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

DENIAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby ~~grant~~ deny the same, subject to the following limitations and conditions:

This application is hereby denied on the grounds that there is no unappropriated water in the source as set forth in the Final Judgment and Decree of the Humboldt River Adjudication and further that the granting thereof would tend to impair the value of existing rights.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... cubic feet per second.....

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No..... Issued.....

IN TESTIMONY WHEREOF, I, PETER G. MORROS,  
State Engineer of Nevada, have hereunto set my hand and the seal of  
my office, this 5th day of December,  
A.D. 1984.  
  
State Engineer

Item #12 Remarks

Water that would be obtained from surface runoff and Woodruff Springs would be used during the construction of a haul road. Upon completion of this road and associated structures, waters from these surface sources will no longer be required by the applicant. Therefore, the application is for a temporary use of this water.

The estimated consumptive use is 100,000 gallons per day x 180 days = 18 million gallons/annum or 55.24 acre fee/annum from any and/or all surface sources.

The place of use listed describes the sections which the haul road will pass through. The actual place of use will be that portion of these sections occupied by the construction of the road and associated structures.
